

PROFESSIONAL SUMMARY

Motivated 2nd-year BCA student and Web Development Intern with a solid foundation in front-end technologies. Passionate about building interactive, user-friendly web applications, learning modern frameworks like React.js, and contributing to scalable real-world software solutions.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, C, Python	Front-End & UI: React.js, Bootstrap, Responsive Design
APIs & Tools: Fetch API, RESTful APIs, Git	Core Concepts: DSA, DBMS, Software Engineering, Cross-Browser UI

WORK EXPERIENCE

Web Development Intern	Upskill Campus
- Developing dynamic, responsive web pages using modern HTML, CSS, and JavaScript techniques. - Collaborating on real-world web applications to enhance layout structure and improve cross-browser performance. - Gaining practical hands-on experience in front-end component building, dynamic UI design, and API integration.	

PROJECTS

1. Gaming Hub	JavaScript (ES6+), HTML5, CSS3
- Developed an interactive web-based gaming hub featuring browser games (Tic-Tac-Toe, Snake, Rock-Paper-Scissors). - Implemented dynamic game logic, state management, and score tracking using JavaScript with smooth animations.	
2. Finance Tracker App	JavaScript (ES6+), Chart.js, Local Storage
- Built a personal finance dashboard to track income, expenses, and budget allocation with Chart.js visualizations. - Implemented persistent storage using Local Storage to manage transactions and calculate real-time balances.	
3. Personal Developer Portfolio	HTML5, CSS3, JavaScript, Bootstrap
- Designed a mobile-responsive portfolio showcasing technical skills, projects, and an interactive contact form. - Added interactive features including smooth scrolling and dynamic dark/light theme toggling.	
4. Task Manager / To-Do App Interface	React.js, HTML5, CSS3, JavaScript
Developed a responsive CRUD application allowing users to create, edit, prioritize, and delete daily tasks using React.	
5. E-Commerce Product Catalog UI	React.js, HTML5, CSS3, JavaScript
Constructed an e-commerce platform UI with product listings, category filters, and dynamic shopping cart calculation.	

EDUCATION

Bachelor of Computer Applications (BCA) - 2nd Year	MSITM Degree College
Relevant Coursework: Data Structures, DBMS, Software Engineering, Web Technologies.	
Class XII (Senior Secondary): Mamta Educational Academy (67%)	Class X (Secondary): Mamta Educational Academy (75%)
